### \*Custom Millshop

Whether it is custom matching a historic, architectural element or an idea sketched on paper, our staff of skilled craftsmen can meet your needs using a variety of wood species.

For a “no rot” solution, consider the cellular PVC trim AZEK. Custom mouldings, handrails, sidings, flooring and interior/exterior millwork are our specialties.

Bring us your ideas and we will help make your dreams a reality.

### \*Estimating Services

Guerry Lumber’s full-time estimating team is dedicated to working closely with your Owner, Builder, and Architect to ensure smart, cost-effective decisions throughout your project. With extensive product knowledge and experience, our estimators provide accurate, value-driven assessments for materials on projects of any size—commercial, residential, or remodel.

### \*Delivery

Guerry Lumber operates a full fleet of delivery vehicles—including flatbeds and box trucks—to ensure your materials are dispatched safely and efficiently. Our team coordinates multiple deliveries each day across the Lowcountry, providing reliable service to keep your projects running smoothly.
